

Jack Hungelmann's INSURANCE AUDIT

For Individuals and Small Business Owners Interested In:

- ❖ Closing the gaps in their insurance program.
- ❖ Creative solutions that lower their insurance costs.

HOW IT WORKS

STEP 1

- ❖ Jack Hungelmann personally meets with you to identify the unique exposures and hidden risks of your business or personal life.

STEP 2

- ❖ Jack reviews every insurance policy you purchase anywhere, looking for gaps, inconsistencies or excessive premiums.

STEP 3

- ❖ Jack reviews your contracts or leases to make sure your insurance coverage will fully apply to any legal obligations you may have incurred.

STEP 4

- ❖ Jack identifies all gaps and recommends creative cost effective strategies and solutions to plug any gaps in a written audit report.

STEP 5

- ❖ Jack meets with you a second time to go through the audit report so you understand where your gaps are and what corrective actions you need to take.

STEP 6

- ❖ Jack can even help you implement those actions if you like to insure they are done correctly.

WHAT OTHERS WOULD TELL YOU:

Being able to rely on Jack's insurance expertise is well worth the money. His advice and support have been invaluable to our business.

**Janet Eian, Vice President
Endurant Business Solutions, Inc.**

We wanted an insurance consultant who could read the fine print on all our policies, without being tied to a specific insurance provider, and give an honest assessment of our needs. Jack Hungelmann is a rare find.

We sleep better at night because the work Jack has done to make sure our insurance policies meet our specific needs. Everyone from the multi-billionaires to the ordinary working folks can benefit from the kind of services Jack provides.
